

ACKNOWLEDGE TO INTERNATIONAL JOURNAL OF PHARMACEUTICAL, CHEMICAL AND BIOLOGICAL SCIENCES

Christina Zen*

Department of Pharmaceutical Sciences, The University of Chicago, USA

I am pleased to introduce the "International Journal of Pharmaceutical, Chemical and Biological sciences" is an open access multi-disciplinary peer-reviewed, that is committed for expeditious publication of articles that draw a focus of the themes related to Sciences. The journal publishes by-monthly, as it gives a significant platform to the researches, scientists to share, discuss and explore many of the innovatory ideas, developments in regard of the pharmaceutical, chemical and biological sciences. Also, the journal aims to publish top quality papers which comprise of original research or brief communications, comprehensive or mini-review articles that reflects new insights and concepts.

This journal allows effortless and free full-text access to its contents, instant downloads of articles, which is likely to attract more readers and citations of articles that has been published in the journal.

The main intent of the Journal is to provide original and quality information around the world. Here we publish all types of the Researches that are specifically related to international journal of pharmaceutical, chemical and biological sciences, such that the author can easily publish any form of his/her research based on his usefulness. The forms of researches that can be published in this Journal are mentioned below;

- Review article
- Short Review
- Short communications (Brief Reports)
- Case studies
- Case series
- Original research articles

The published articles are assigned to Digital Objective Identifier (DOI) – CrossRef. All the published articles journal are included in the indexing and abstracting coverage of: CAS Source Index (CASSI), Index Copernicus, Google Scholar, Sherpa Romeo, Open J Gate, Genamics JournalSeek, Academic Keys, Knowledge hub, Directory of science, SafetyLit, Chi-

na National Knowledge Infrastructure (CNKI), Electronic Journals Library, RefSeek, Hamdard University, EBSCO A-Z, OCLC- WorldCat, SWB online catalog, Virtual Library of Biology (vifabio), Publons, Geneva Foundation for Medical Education and Research.

The journal is engaged and accessible for publishing the articles that are having top quality. Once the manuscript was submitted in the journal, the typical time between submission and final call of decision will take upto 21 days and the average time between acceptance and final publication is 14 days. There will be a constant support from the Board Members and intellectual indulgence of the readers and contributors i.e., authors and reviewers.

The papers that are being published in the Journal are completely on international basis. The themes that are contributing on International Journal of Pharmaceutical, Chemical and Biological Sciences are noticed with high standard of research by means of significant reviewing process. IJPCBS provide a stage to all scientists, researchers, academicians, industrialists and readers to share their ideas, knowledge, information and research findings among the people of their own fraternity and welcomes the researches, scientists for submission of manuscripts that meet the Journal's criteria. All the articles are peer-reviewed and will be published through the journal soon after the acceptance.

Association with Omics publishing group has increased Readership Metrics (By Google Analytics) of the Journal which could be accessed at Google Analytics Metrics.

Readers from most of the major countries including US, Japan, UK, India, Egypt and Nigeria visit our journal domain to find and learn about the on-going research activities in this field.

I take this opportunity to acknowledge the contribution of Editorial board members, during the final editing of articles published and therefore the support rendered by the editorial assistants.
